

# Permission Slip to Publish YouTube Videos in the Public Domain

Dear Parent or Guardian,

The Flying Toasters, Team 3641, has the opportunity to create and publish training tutorials for our team as well as others. The videos will be uploaded to a YouTube channel and will probably become publically listed for other students and teams to view. This means that many people may have access to viewing them.

Since these videos will be public, we are contacting you for your permission. If you grant permission for your child to be part of these videos and available to the global community, for safety reasons only your child's first name with last initial will be published in the credits.

If you agree to allow your child to be part of work that will be made public in the manner described above, please complete the form below, sign it, and have your child return the form to me as soon as possible.

Thanks in advance for your consideration, and please don't hesitate to contact me if you have any questions or concerns.

Sincerely,

Coach Weber
